

PRESALES INTERN

East Sea Energy Environment was set up on the passion of founders to associate create a better everyday condition for society. We focus on energy optimization and environmental control. Our aim is to utilize the newest technologies from international partners, combined with internal resources and excellent customer experience, to offer optimal solutions to our clients.

We are seeking a highly motivated candidate to join our team for the following position:

PreSales Intern

Location: No. 19, Street 64-TML, Cat Lai Ward, Ho Chi Minh City

Responsibilities:

- Learn and gain technical knowledge of the solutions currently being implemented, including IBM Maximo, Envizi, and APM, to support consulting and project implementation activities.
- Research, explore, and participate in the development of new solutions (eEMS) in line with the company's product roadmap.
- Collaborate with related teams to collect and analyze customer requirements, then propose system architecture and technical solutions for upcoming SaaS platforms.
- Participate in internal training programs provided by the company.
- Attend vendor-provided online training courses.
- Build, operate, and maintain DEMO systems for solutions and products.
- Prepare proposals and other solution-related documents.
- Present solutions to customers under the guidance of the team.
- Develop and maintain technical and solution documentation.
- Perform other tasks as assigned by the supervisor or management.

Background:

- 3rd- or 4th-year students majoring in Technology, Engineering, or Industrial Management.

Abilities:

- Demonstrated passion for technology, willingness to learn, and ability to self-study effectively.
- High sense of responsibility, diligence, and persistence.
- Ability to work both independently and as part of a team under pressure.

Skills:

- Good English reading and listening skills for technical documentation and training; basic communication ability. Certification equivalents: TOEIC 600+, IELTS 5.0+, B2+.

Benefits:

At ESEC, you will be in the right place to grow – both professionally and personally.

- You'll be inspired by the meaningful projects we do: Sustainable projects, Green activities, and Community-oriented activities.

- You'll collaborate with global leaders such as IBM, AVEVA, ETAP, Schneider, Siemens, and
- ABB with many internal and external training courses.
- We embrace the Owner mindset & working style – Encouraging creativity, taking initiative, focusing on delivering results.
- You'll also enjoy a supportive working environment with:
 - Outing Trips, Sport Clubs & YEP
 - Other activities centered around people and culture
- Receive hands-on training in both business and technical knowledge.
- Work in a real-world, professional working environment.
- Have a clear internship plan and roadmap throughout the internship period.
- Receive allowances for transportation and lunch.
- Be offered a full-time contract upon successful completion of the internship.

Because at ESEC, you are not just an employee – you're part of the team.
